

December is Impaired Driving Awareness Month

National Impaired Driving Prevention Month to raise awareness of the consequences of driving under the influence of drugs and alcohol. PTTC states that in 2019, over 28 million US residents - 11.2 percent of residents ages 16 and up drove under the influence.

VNT Victims Services wants to remind folks this holiday season if someone you know is **drinking** do not let that person get behind the wheel. If you see an **impaired driver** on the road, contact law enforcement. Your **actions** may save someone's life and **inaction** could cost a life.
